1. Nature of Operations and Principles of Consolidation

Description of Business

The Simply Good Foods Company (“Simply Good Foods” or the “Company”) is a consumer packaged food and beverage company that aims to lead the nutritious snacking movement with trusted brands that offer a variety of convenient, innovative, great-tasting, better-for-you snacks and meal replacements, and other product offerings. The product portfolio the Company develops, markets and sells consists primarily of protein bars, ready-to-drink (“RTD”) shakes, sweet and salty snacks and confectionery products marketed under the Quest® and Atkins® brand names. Simply Good Foods is poised to expand its wellness platform through innovation and organic growth along with acquisition opportunities in the nutritional snacking space.

The Company’s nutritious snacking platform consists of brands that specialize in providing products for consumers that follow certain nutritional philosophies and health-and-wellness trends: Quest® for consumers seeking a variety of protein-rich foods and beverages that also limit sugars and simple carbs and Atkins® for those following a low-carb lifestyle. The Company distributes its products in major retail channels, primarily in North America, including grocery, club, and mass merchandise, as well as through e-commerce, convenience, specialty, and other channels. The Company’s portfolio of nutritious snacking brands gives it a strong platform with which to introduce new products, expand distribution, and attract new consumers to its products.

The common stock of Simply Good Foods is listed on the Nasdaq Capital Market under the symbol “SMPL.”

Unaudited Interim Consolidated Financial Statements

The unaudited interim consolidated financial statements include the accounts of Simply Good Foods and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated. Unless the context otherwise requires, “we,” “us,” “our” and the “Company” refer to Simply Good Foods and its subsidiaries.

The Company maintains its accounting records on a 52/53-week fiscal year, ending on the last Saturday in August of each year.

The interim consolidated financial statements and related notes of the Company and its subsidiaries are unaudited. The unaudited interim consolidated financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (“GAAP”) and the rules and regulations of the Securities and Exchange Commission (the “SEC”). The unaudited interim consolidated financial statements reflect all adjustments and disclosures which are, in the Company’s opinion, necessary for a fair presentation of the results of operations, financial position and cash flows for the indicated periods. All such adjustments were of a normal and recurring nature unless otherwise disclosed. The year-end balance sheet data was derived from the audited financial statements and, in accordance with the instructions to Form 10-Q, certain information and footnote disclosures required by GAAP have been condensed or omitted. The results reported in these unaudited interim consolidated financial statements are not necessarily indicative of the results that may be reported for the entire fiscal year and should be read in conjunction with the Company’s consolidated financial statements for the fiscal year ended August 26, 2023, included in the Company’s Annual Report on Form 10-K (“Annual Report”) filed with the SEC on October 24, 2023.

2. Summary of Significant Accounting Policies

Refer to Note 2, *Summary of Significant Accounting Policies*, to the consolidated financial statements included in the Annual Report for a description of significant accounting policies.

Recently Issued and Adopted Accounting Pronouncements

Recently Issued Accounting Pronouncements Not Yet Adopted

In March 2020, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) 2020-04, Reference Rate Reform (Topic 848), Facilitation of the Effects of Reference Rate Reform on Financial Reporting (“ASU 2020-04”), which provides optional guidance for a limited period of time to ease the potential burden in accounting for reference rate reform on financial reporting. Additionally, in December 2022, the FASB issued ASU 2022-06, Reference Rate Reform (Topic 848), Deferral of the Sunset Date of Topic 848, which extended the period of time for which ASU 2020-04 could be applied. As a result, the amendments in ASU 2020-04 can be applied to contract modifications due to rate reform and eligible existing and new hedging relationships entered into between March 12, 2020 and December 31, 2024. The amendments of these ASUs are effective for all entities and are applied on a prospective basis.

On January 21, 2022, the Company entered into a repricing amendment (the “2022 Repricing Amendment”) to its credit agreement with Barclays Bank PLC and other parties (as amended to date, the “Credit Agreement”), as described in Note 5, Long-Term Debt and Line of Credit. In addition to replacing the London Interbank Offered Rate (“LIBOR”) as the Credit Agreement’s reference rate with the Secured Overnight Financing Rate (“SOFR”), the 2022 Repricing Amendment contemporaneously modified other terms that changed, or had the potential to change, the amount or timing of contractual cash flows as contemplated by the guidance in ASU 2020-04. As such, the contract modifications related to the 2022 Repricing Amendment were outside of the scope of the optional guidance in ASU 2020-04. The Company will continue to monitor the effects of rate reform, if any, on any new or amended contracts through December 31, 2024. The Company does not anticipate the amendments in this ASU will be material to its consolidated financial statements.

In November 2023, the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures (“ASU 2023-07”), which updates reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses. The amendments are effective for fiscal years beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments should be applied retrospectively to all prior periods presented in the financial statements. The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements.

In December 2023, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2023-09, Income Taxes (Topic 740), Improvements to Income Tax Disclosures (“ASU 2023-09”), which updates disclosures required in the footnotes to the financial statements to further aid investors in understanding how to analyze income tax reporting. The amendments are effective for fiscal years beginning after December 15, 2024. Early adoption is permitted for annual financial statements that have not yet been issued or made available. The amendments should be applied on a prospective basis, however, retrospective application is permitted. The Company is currently evaluating the provisions of the amendments and the effect on its future consolidated financial statements.

No other new accounting pronouncement issued or effective during the fiscal year had or is expected to have a material effect on the Company’s consolidated financial statements.

5. Long-Term Debt and Line of Credit

On July 7, 2017, the Company (through certain of its subsidiaries) entered into the Credit Agreement. The Credit Agreement at that time provided for (i) a term facility of \$200.0 million (“Term Facility”) with a seven-year maturity and (ii) a revolving credit facility of up to \$75.0 million (the “Revolving Credit Facility”) with a five-year maturity. Substantially concurrent with the consummation of the business combination which formed the Company between Conyers Park Acquisition Corp. and NCP-ATK Holdings, Inc. on July 7, 2017, the full \$200.0 million of the Term Facility (the “Term Loan”) was drawn.

On November 7, 2019, the Company entered into a second amendment (the “Incremental Facility Amendment”) to the Credit Agreement to increase the principal borrowed on the Term Facility by \$460.0 million. The Term Facility together with the incremental borrowing make up the Initial Term Loans (as defined in the Incremental Facility Amendment). The Incremental Facility Amendment was executed to partially finance the acquisition of Quest Nutrition, LLC on November 7, 2019. No amounts under the Term Facility were repaid as a result of the execution of the Incremental Facility Amendment.

Effective as of December 16, 2021, the Company entered into a third amendment (the “Extension Amendment”) to the Credit Agreement. The Extension Amendment provided for an extension of the stated maturity date of the Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from July 7, 2022, to the earlier of (i) 91 days prior to the then-effective maturity date of the Initial Term Loans and (ii) December 16, 2026.

On January 21, 2022, the Company entered into the “2022 Repricing Amendment” to the Credit Agreement. The 2022 Repricing Amendment, among other things, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2022 Repricing Amendment, (ii) reset the prepayment premium for the existing Initial Term Loans to apply to Repricing Transactions (as defined in the Credit Agreement) that occur within six months after the effective date of the 2022 Repricing Amendment, and (iii) implemented SOFR and related replacement provisions for LIBOR.

On April 25, 2023, the Company entered into the “2023 Repricing Amendment” to the Credit Agreement. The 2023 Repricing Amendment, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to April 25, 2023, and (ii) provided for an extension of the maturity date of the Initial Term Loans from July 7, 2024, to March 17, 2027.

The 2023 Repricing Amendment did not change the interest rate on the Revolving Credit Facility, which continues to bear interest based upon the Company’s consolidated net leverage ratio as of the end of the fiscal quarter for which consolidated financial statements are delivered to the Administrative Agent under the Credit Agreement. No additional debt was incurred, or any proceeds received by the Company in connection with the 2023 Repricing Amendment. No amounts under the Term Facility were repaid as a result of the execution of the 2023 Repricing Amendment.

Effective as of the 2023 Repricing Amendment, the interest rate per annum for the Initial Term Loans is based on either:

- i. A base rate equaling the higher of (a) the “prime rate,” (b) the federal funds effective rate plus 0.50%, or (c) the Adjusted Term SOFR Rate (as defined in the Credit Agreement) applicable for an interest period of one month plus 1.00% plus (x) 1.50% margin for the Term Loan or (y) 2.00% margin for the Revolving Credit Facility; or
- ii. SOFR plus a credit spread adjustment equal to 0.10% for one-month SOFR, 0.15% for up to three-month SOFR and 0.25% for up to six-month SOFR, subject to a floor of 0.50%, plus (x) 2.50% margin for the Term Loan or (y) 3.00% margin for the Revolving Credit Facility.

In connection with the closing of the 2023 Repricing Amendment, the Company expensed \$2.4 million primarily for third-party fees and capitalized an additional \$2.7 million primarily for the payment of upfront lender fees (original issue discount).

The Simply Good Foods Company is not a borrower under the Credit Agreement and has not provided a guarantee of the Credit Agreement. Simply Good Foods USA, Inc., is the administrative borrower and certain other subsidiary holding companies are co-borrowers under the Credit Agreement. Each of the Company's domestic subsidiaries that is not a named borrower under the Credit Agreement has provided a guarantee on a secured basis. As security for the payment or performance of the debt under the Credit Agreement, the borrowers and the guarantors have pledged certain equity interests in their respective subsidiaries and granted the lenders a security interest in substantially all of their domestic assets. All guarantors other than Quest Nutrition, LLC are holding companies with no assets other than their investments in their respective subsidiaries.

The Credit Agreement contains certain financial and other covenants that limit the Company's ability to, among other things, incur and/or undertake asset sales and other dispositions, liens, indebtedness, certain acquisitions and investments, consolidations, mergers, reorganizations and other fundamental changes, payment of dividends and other distributions to equity and warrant holders, and prepayments of material subordinated debt, in each case, subject to customary exceptions materially consistent with credit facilities of such type and size. The Revolving Credit Facility has a maximum total net leverage ratio equal to or less than 6.00:1.00 contingent on credit extensions in excess of 30% of the total amount of commitments available under the Revolving Credit Facility. Any failure to comply with the restrictions of the credit facilities may result in an event of default. The Company was in compliance with all covenants as of February 24, 2024 and August 26, 2023, respectively.

Long-term debt consists of the following:

<i>(In thousands)</i>	February 24, 2024	August 26, 2023
Term Facility (effective rate of 7.9% at February 24, 2024)	\$ 240,000	\$ 285,000

Less: Current finance lease liabilities	24	143
Long-term debt, net of deferred financing fees	\$ 237,641	\$ 281,649

The Company is not required to make principal payments on the Term Facility over the twelve months following the period ended February 24, 2024. The outstanding balance of the Term Facility is due upon its maturity in March 2027.

As of February 24, 2024, the Company had letters of credit in the amount of \$3.2 million outstanding. These letters of credit offset against the \$75.0 million availability of the Revolving Credit Facility and exist to support three of the Company's leased buildings and insurance programs relating to workers' compensation. No amounts were drawn against these letters of credit as of February 24, 2024.

The Company utilizes market approaches to estimate the fair value of certain outstanding borrowings by discounting anticipated future cash flows derived from the contractual terms of the obligations and observable market interest and foreign exchange rates. The Company carries debt at historical cost and discloses fair value. As of February 24, 2024, and August 26, 2023, the book value of the Company's debt approximated fair value. The estimated fair value of the Term Loan is valued based on observable inputs and classified as Level 2 in the fair value hierarchy.

6. Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measurements, a three-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies, is used:

Level 1 – Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs reflecting the Company's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Components of the balance sheet such as accounts receivable, cash and cash equivalents and others approximated fair value as of February 24, 2024.

7. Income Taxes

The tax expense and the effective tax rate resulting from operations were as follows:

<i>(In thousands)</i>	Twenty-Six Weeks Ended

The effective tax rate for the twenty-six weeks ended February 24, 2024, was 1.4% more than the effective tax rate for the twenty-six weeks ended February 25, 2023, which was primarily driven by permanent differences.

10. Stockholders' Equity

On April 13, 2022, and October 21, 2022, the Company announced that its Board of Directors had approved the addition of \$50.0 million and \$50.0 million, respectively, to its stock repurchase program, resulting in authorized stock repurchases of up to an aggregate of \$150.0 million. Under the stock repurchase program, the Company may repurchase shares from time to time in the open market or in privately negotiated transactions. The stock repurchase program does not obligate the Company to acquire any specific number of shares or acquire shares over any specific period of time. The stock repurchase program may be suspended or discontinued at any time by the Company and does not have an expiration date.

The Company did not repurchase any shares of common stock during the twenty-six weeks ended February 24, 2024. As of February 24, 2024, approximately \$71.5 million remained available under the stock repurchase program.

11. Earnings Per Share

Basic earnings or loss per share is based on the weighted average number of common shares issued and outstanding. In computing diluted earnings per share, basic earnings per share is adjusted for the assumed issuance of all potentially dilutive securities, including the Company's employee stock options and non-vested stock units.

In periods in which the Company has a net loss, diluted loss per share is based on the weighted average number of common shares issued and outstanding as the effect of including common stock equivalents outstanding would be anti-dilutive. The following table reconciles the numerators and denominators used in the computations of both basic and diluted earnings per share:

<i>(In thousands, except per share data)</i>	Thirteen Weeks Ended		Twenty-Six Weeks Ended

Diluted earnings per share from net income	\$ 0.33	\$ 0.25	\$ 0.68	\$ 0.61

Diluted earnings per share calculations for the thirteen and twenty-six weeks ended February 24, 2024 excluded 0.6 million and 0.8 million shares of common stock issuable upon exercise of stock options, respectively, that would have been anti-dilutive. Diluted earnings per share calculations for the thirteen and twenty-six weeks ended and February 25, 2023, excluded 0.6 million and 0.5 million shares of common stock issuable upon exercise of stock options, respectively, that would have been anti-dilutive.

Diluted earnings per share calculations for the thirteen and twenty-six weeks ended February 24, 2024, excluded an immaterial number of non-vested stock units that would have been anti-dilutive. Diluted earnings per share calculations for the thirteen and twenty-six weeks ended February 25, 2023, excluded 0.1 million shares of non-vested stock units that would have been anti-dilutive.

12. Omnibus Incentive Plan

Stock-based compensation includes stock options, restricted stock units, performance stock unit awards and stock appreciation rights, which are awarded to employees, directors, and consultants of the Company. Stock-based compensation expense for equity-classified awards is recognized on a straight-line basis over the requisite service period of the award based on their grant date fair value. Stock-based compensation expense is included within *General and administrative* expense, which is the same financial statement caption where the recipient's other compensation is reported.

The Company recorded stock-based compensation expense of \$4.6 million and \$3.0 million in the thirteen weeks ended February 24, 2024, and February 25, 2023, respectively, and \$8.7 million and \$6.3 million in the twenty-six weeks ended February 24, 2024, and February 25, 2023, respectively.

Performance stock units vest in a range between 0% and 200% based upon certain performance criteria in a three-year period. Performance stock units were valued using a Monte Carlo simulation.

The following table summarizes performance stock unit activity for the twenty-six weeks ended February 24, 2024:

	Units	Weighted average grant-date fair value
Non-vested as of August 26, 2023	191,779	\$ 42.41

As of February 24, 2024, the Company had \$6.6 million of total unrecognized compensation cost related to performance stock units that will be recognized over a weighted average period of 1.9 years.

Stock Appreciation Rights

Stock appreciation rights (“SARs”) permit the holder to participate in the appreciation of the Company’s common stock price and are awarded to non-employee consultants of the Company. The Company’s SARs settle in shares of its common stock once the applicable vesting criteria have been met. The SARs outstanding as of February 24, 2024, cliff vest two years from the date of grant and must be exercised within five years.

The following table summarizes SARs activity for the twenty-six weeks ended February 24, 2024:

	Shares underlying SARs	Weighted average exercise price
Outstanding as of August 26, 2023	150,000	\$ 37.67
Granted	—	—
Exercised	—	—
Forfeited	—	—
Outstanding as of February 24, 2024	150,000	\$ 37.67

Overview

The Simply Good Foods Company is a consumer packaged food and beverage company that aims to lead the nutritious snacking movement with trusted brands that offer a variety of convenient, innovative, great-tasting, better-for-you snacks and meal replacements, and other product offerings. The product portfolio we develop, market and sell consists primarily of protein bars, ready-to-drink ("RTD") shakes, sweet and salty snacks and confectionery products marketed under the Quest® and Atkins® brand names. We believe Simply Good Foods is poised to expand its wellness platform through innovation and organic growth along with acquisition opportunities in the nutritional snacking space.

Our nutritious snacking platform consists of brands that specialize in providing products for consumers that follow certain nutritional philosophies and health-and-wellness trends: Quest® for consumers seeking a variety of protein-rich foods and beverages that also limit sugars and simple carbs and Atkins® for those following a low-carb lifestyle. We distribute our products in major retail channels, primarily in North America, including grocery, club, and mass merchandise, as well as through e-commerce, convenience, specialty, and other channels. Our portfolio of nutritious snacking brands gives us a strong platform with which to introduce new products, expand distribution, and attract new consumers to our products.

Business Trends

During fiscal 2023, the Company was affected by the unfavorable effects of higher raw material costs, higher co-manufacturing costs, and supply chain challenges, including supply chain disruptions resulting from labor shortages and disruptions in ingredients.

During the thirteen and twenty-six weeks ended February 24, 2024, our business performance improved as strong Quest sales volume more than offset continued softness in Atkins. The Company benefited from lower ingredient and packaging costs which resulted in gross margin expansion versus fiscal 2023. The Company continues to engage and have discussions with its contract manufacturers and logistics and transportation providers to have its cost structure reflect lower market prices. We believe the Company's strategy and positioning will continue to drive profitable growth for our product offerings and growth within the growing nutritional snacking category.

Key Financial Definitions

Net sales. Net sales consist primarily of product sales less the cost of promotional activities, slotting fees and other sales credits and adjustments, including product returns.

These costs include the purchase of raw ingredients, packaging, shipping and handling, warehousing, depreciation of warehouse equipment, and a tolling charge for the contract manufacturer. Cost of goods sold includes products provided at no charge as part of promotions and the non-food materials provided with customer orders.

Results of Operations

During the thirteen weeks ended February 24, 2024, our net sales increased to \$312.2 million compared to \$296.6 million for the thirteen weeks ended February 25, 2023, driven by Quest volume growth, which more than offset continued softness in Atkins net sales, resulting in a 5.1% increase in our aggregate North America net sales. Gross profit and gross profit margin improved driven by higher sales volumes and lower ingredient and packaging costs.

In assessing the performance of our business, we consider a number of key performance indicators used by management and typically used by our competitors, including the non-GAAP measures EBITDA and Adjusted EBITDA. Because not all companies use identical calculations, this presentation of EBITDA and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. See “Reconciliation of EBITDA and Adjusted EBITDA” below for a reconciliation of EBITDA and Adjusted EBITDA to net income for each applicable period.

Reconciliation of EBITDA and Adjusted EBITDA

EBITDA and Adjusted EBITDA are non-GAAP financial measures commonly used in our industry and should not be construed as alternatives to net income as an indicator of operating performance or as alternatives to cash flow provided by operating activities as a measure of liquidity (each as determined in accordance with GAAP). The Company defines EBITDA as net income or loss before interest income, interest expense, income tax expense, depreciation and amortization, and Adjusted EBITDA as further adjusted to exclude the following items: stock-based compensation expense, executive transition costs, and other non-core expenses. The Company believes that EBITDA and Adjusted EBITDA, when used in conjunction with net income, are useful to provide additional information to investors. Management of the Company uses EBITDA and Adjusted EBITDA to supplement net income because these measures reflect operating results of the on-going operations, eliminate items that are not directly attributable to the Company's underlying operating performance, enhance the overall understanding of past financial performance and future prospects, and allow for greater transparency with respect to the key metrics the Company's management uses in its financial and operational decision making. The Company also believes that EBITDA and Adjusted EBITDA are frequently used by securities analysts, investors and other interested parties in the evaluation of companies in its industry. EBITDA and Adjusted EBITDA may not be comparable to other similarly titled captions of other companies due to differences in the non-GAAP calculation.

The following unaudited table provides a reconciliation of EBITDA and Adjusted EBITDA to its most directly comparable GAAP measure, which is net income, for the thirteen and twenty-six weeks ended February 24, 2024, and February 25, 2023:

Liquidity and Capital Resources

Overview

We have historically funded our operations with cash flow from operations and, when needed, with borrowings under our Credit Agreement (as defined below). Our principal uses of cash have been working capital, debt service, repurchases of our common stock, and acquisition opportunities.

We had \$135.9 million in cash as of February 24, 2024. We believe our sources of liquidity and capital will be sufficient to finance our continued operations, growth strategy and additional expenses we expect to incur for at least the next twelve months. As circumstances warrant, we may issue debt and/or equity securities from time to time on an opportunistic basis, dependent upon market conditions and available pricing. We make no assurance that we can issue and sell such securities on acceptable terms or at all.

Our material future cash requirements from contractual and other obligations relate primarily to our principal and interest payments for our Term Facility, as defined and discussed below, and our operating and finance leases. Refer to Note 5, Long-Term Debt and Line of Credit, and Note 8, Leases, of the Notes to Unaudited Consolidated Financial Statements in this Report for additional information related to the expected timing and amount of payments related to our contractual and other obligations.

Debt and Credit Facilities

On July 7, 2017, we (through certain of our subsidiaries) entered into a credit agreement with Barclays Bank PLC and other parties (as amended to date, the "Credit Agreement"). The Credit Agreement at that time provided for (i) a term facility of \$200.0 million ("Term Facility") with a seven-year maturity and (ii) a revolving credit facility of up to \$75.0 million (the "Revolving Credit Facility") with a five-year maturity. Substantially concurrent with the consummation of the business combination which formed the Company between Conyers Park Acquisition Corp. and NCP-ATK Holdings, Inc. on July 7, 2017, the full \$200.0 million of the Term Facility (the "Term Loan") was drawn.

On November 7, 2019, we entered into a second amendment (the "Incremental Facility Amendment") to the Credit Agreement to increase the principal borrowed on the Term Facility by \$460.0 million. The Term Facility together with the incremental borrowing make up the Initial Term Loans (as defined in the Incremental Facility Amendment). The Incremental Facility Amendment was executed to partially finance the acquisition of Quest Nutrition, LLC on November 7, 2019. No amounts under the Term Facility were repaid as a result of the execution of the Incremental Facility Amendment.

Effective as of December 16, 2021, we entered into a third amendment (the "Extension Amendment") to the Credit Agreement. The Extension Amendment provided for an extension of the stated maturity date of the Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from July 7, 2022 to the earlier of (i) 91 days prior to the then-effective maturity date of the Initial Term Loans and (ii) December 16, 2026.

On January 21, 2022, the Company entered into the "2022 Repricing Amendment" to the Credit Agreement. The 2022 Repricing Amendment, among other things, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2022 Repricing Amendment, (ii) reset the prepayment premium for the existing Initial Term Loans to apply to Repricing Transactions (as defined in the Credit Agreement) that occur within six months after the effective date of the 2022 Repricing Amendment, and (iii) implemented SOFR and related replacement provisions for LIBOR.

On April 25, 2023, the Company entered into the "2023 Repricing Amendment" to the Credit Agreement. The 2023 Repricing Amendment, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to April 25, 2023, and (ii) provided for an extension of the maturity date of the Initial Term Loans from July 7, 2024, to March 17, 2027.

The 2023 Repricing Amendment did not change the interest rate on the Revolving Credit Facility, which continues to bear interest based upon the Company's consolidated net leverage ratio as of the end of the fiscal quarter for which consolidated financial statements are delivered to the Administrative Agent under the Credit Agreement. No additional debt was incurred, or any proceeds received by the Company in connection with the 2023 Repricing Amendment. No amounts under the Term Facility were repaid as a result of the execution of the 2023 Repricing Amendment.

Effective as of the 2023 Repricing Amendment, the interest rate per annum for the Initial Term Loans is based on either:

- i. A base rate equaling the higher of (a) the "prime rate," (b) the federal funds effective rate plus 0.50%, or (c) the Adjusted Term SOFR Rate (as defined in the Credit Agreement) applicable for an interest period of one month plus 1.00% plus (x) 1.50% margin for the Term Loan or (y) 2.00% margin for the Revolving Credit Facility; or

- ii. SOFR plus a credit spread adjustment equal to 0.10% for one-month SOFR, 0.15% for up to three-month SOFR and 0.25% for up to six-month SOFR, subject to a floor of 0.50%, plus (x) 2.50% margin for the Term Loan or (y) 3.00% margin for the Revolving Credit Facility.

In connection with the closing of the 2023 Repricing Amendment, the Company expensed \$2.4 million primarily for third-party fees and capitalized an additional \$2.7 million primarily for the payment of upfront lender fees (original issue discount).

The Simply Good Foods Company is not a borrower under the Credit Agreement and has not provided a guarantee of the Credit Agreement. Simply Good Foods USA, Inc., is the administrative borrower and certain other subsidiary holding companies are co-borrowers under the Credit Agreement. Each of the Company's domestic subsidiaries that is not a named borrower under the Credit Agreement has provided a guarantee on a secured basis. As security for the payment or performance of the debt under the Credit Agreement, the borrowers and the guarantors have pledged certain equity interests in their respective subsidiaries and granted the lenders a security interest in substantially all of their domestic assets. All guarantors other than Quest Nutrition, LLC are holding companies with no assets other than their investments in their respective subsidiaries.

The Credit Agreement contains certain financial and other covenants that limit the Company's ability to, among other things, incur and/or undertake asset sales and other dispositions, liens, indebtedness, certain acquisitions and investments, consolidations, mergers, reorganizations and other fundamental changes, payment of dividends and other distributions to equity and warrant holders, and prepayments of material subordinated debt, in each case, subject to customary exceptions materially consistent with credit facilities of such type and size. The Revolving Credit Facility has a maximum total net leverage ratio equal to or less than 6.00:1.00 contingent on credit extensions in excess of 30% of the total amount of commitments available under the Revolving Credit Facility. Any failure to comply with the restrictions of the credit facilities may result in an event of default. The Company was in compliance with all covenants as of February 24, 2024, and August 26, 2023, respectively.

At February 24, 2024, the outstanding balance of the Term Facility was \$240.0 million. We are not required to make principal payments on the Term Facility over the twelve months following the period ended February 24, 2024. The outstanding balance of the Term Facility is due upon its maturity in March 2027. As of February 24, 2024, there were no amounts drawn against the Revolving Credit Facility.

The Company did not repurchase any shares of common stock during the twenty-six weeks ended February 24, 2024. During the twenty-six weeks ended February 25, 2023, the Company repurchased 546,346 shares of common stock at an average share price of \$30.11 per share.

New Accounting Pronouncements

For a description of critical accounting policies that affect our significant judgments and estimates used in the preparation of our consolidated financial statements, refer to our Annual Report. Refer to Note 2, Summary of Significant Accounting Policies, of our unaudited interim consolidated financial statements in this Report for further information regarding recently issued accounting standards.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There were no material changes in our market risk exposure during the thirteen-week period ended February 24, 2024. For a discussion of our market risks, see “Quantitative and Qualitative Disclosures About Market Risk” in Part II, Item 7A of our Annual Report.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required financial disclosures.

Management, including the participation of our Chief Executive Officer and our Chief Financial Officer, conducted an evaluation (pursuant to Rule 13a-15(b) under the Exchange Act) of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Report. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of February 24, 2024, the Company’s disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There were no changes in our internal controls over financial reporting during the quarter ended February 24, 2024, that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Inherent Limitations on Effectiveness of Controls

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Additionally, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PART II. Other Information

Item 1. Legal Proceedings

From time to time, we have been and may again become involved in legal proceedings arising in the ordinary course of our business. We are not presently a party to any litigation that we believe to be material and we are not aware of any pending or threatened litigation against us that we believe could have a material adverse effect on our business, operating results, financial condition or cash flows.

Item 1A. Risk Factors

Readers should carefully consider the factors discussed in Part I, Item 1A. “Risk Factors” in our Annual Report, which could materially affect our business, financial condition, cash flows or future results. There have been no material changes in our risk factors included in our Annual Report. The risks described in our Annual Report are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect our business, financial condition or future results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

Item 4. Mine Safety Disclosures
